Dear Animal friends

August 2017

It is not possible to return him to the wild since he was captured for too long.

He will now at least have good food and fresh water always. You are welcome to come to Chaweng to visit him anytime. Here you can see a video and some pics of the first cage building.

Since a few years we've taken care of the monkey from the Monkey Bar at the beach of Chaweng-Noi. The owner has never taken care of LINK regularly. Mainly, he was taken care by loving tourists, who lived in the nearby hotels.

We have built a new cage for him in March 2013 and in May 2016 we have completely renovated it. The owner has now agreed for us to take him. The cage however was so rusty that **Ja**, one of our helpers, had to build a new cage, higher than the old one was. A new cage is, of course, not the perfect solution, but at least LINK doesn't have to starve anymore or stay without water for some days. He always dumped his water bowl immediately. In the raining season, he probably went through very hard times, because there were hardly tourists and the owner also rarely looked after him.

I don't know why he suddenly gave us LINK. We are not allowed to give him away though, because he wants to come and visit his beloved monkey regularly.
