Dear Animal friends

August 2018

As we have mentioned so many times before, PLEASE CONTACT US WHEN YOU SEE SICK OR INJURED DOGS OR CATS. In urgent cases, please try to stay with the animal and call us immediately or take pictures and describe exact location and send us an E-mail. We can then decide if our outside Team can do the treatment or if we have to pick the animal up.

Jay, Linda and Tom are treating a huge number of dogs outside the shelter who never have to go through the stress of coming into our –already very full- shelter.

**HELP US HELP** is what's needed in so many cases and that is exactly what Samui Resident **Shirley from the Netherlands** did.

She saw these puppies in the area near her house, a good distance away from the main road. We would have never been able to help them had she not contacted us.

Our outside Team Jay and Linda have met up with Shirley and decided to prepare a big room in our puppy house at the shelter where they will be cared for. There are many more dogs in the area who need all kind of mange and other treatment which we will do now and make sure all dogs in the area will be sterilized too. We will also help Shirley and the local Thai Lady with dog food and hopefully give the dogs there a better quality of life.

### Operation list July 2018

Thank you very much for all your help. Our four-legged friends are most grateful for your contribution!

Best wishes
