Dear Animal friends

September 2017

I will be back in Germany to visit my husband and my father (and many more things have to be taken care of) for two weeks. Even though my last trip to Germany went on for a lot longer than I had planned, this time I'm hopeful to return on the 10th October. I am very happy that Sven (picture on the right) is still with us. He is experienced with the daily business of the Dog Rescue Foundation and will stay most days at our Chaweng Office. He and Jay will be taking care of the office work, our manager Wit will give full speed as well as our outside team and hopefully all the workers too, so things can run smoothly even if I am not here.

You might have already heard that Soi Dog (a much bigger Dog Rescue based in Phuket) has been on Samui for a few weeks already. They are doing a massive neutering project on the island. At the moment they are still working in Chaweng and BoPhut area but will move all around the island over the next months. If you know of unsterilized dogs or packs of dogs on the island, please get in touch with them

Soi Dog contact: Tel .: 093 7606065

Their goal is to sterilize 10,000 dogs. They want to operate 50 dogs daily and want to stay up to a year, including trips to Koh Phangan and Koh Tao. Thank you very much to Soi Dog! We absolute support their great project and their help in making Samui a dog-population-controlled island!
