PLEASE HELP! PLEASE HELP! PLEASE HELP! PLEASE HELP!

Dear Animal Friends On Koh Samui

August 2012

Perhaps this e-mail comes as a surprise for you but we have added many more Hotel and Restaurants, hoping that some more people and businesses on the island are prepared to support us.

We have already contacted many of you twice but unfortunately the helping hand from the islanders has been very disappointing.

Please think again if there isn't anything you can support us with; like a donation Box on your reception, monthly donation or food leftovers.

During the last few months, the running costs of the Dog and Cat Rescue Samui Foundation have increased dramatically.

Still a little under shock, we have to now face the fact that we are no longer in the financial position to provide the same free service as in the past.

We are now forced to charge for medication (which will still be much cheaper than any other private vet clinic and will be calculated and charged by our vet).

For sterilisation/castration we will now have to take a fix amount of 500 baht.

Vaccinations cost 100 baht.

However, if you are not able to afford any of the treatment, please discuss it with our vet and surely we can find a solution.

If you come to the DRCS with a stray animal, of course you will not be charged.

Thank you very much for all your help. We hope we can count on your continued support so that we can make even more progress in the future. We believe our efforts to make Koh Samui more animal-friendly have made it a happier and safer place for tourists, for which the tourists are grateful. Our four-legged friends are most grateful for your contribution!

Best wishes
