Dear Animal friends

February 2021

SOIDOG from Phuket has been on Samui since February 10th. They want to neuter up to 30 dogs and 10 cats per day and will stay on the island for a total of 6 months. If you have any dogs or cats that need to be neutered, please go to the temple in BOPHUT and make an appointment. The castrations and vaccinations at Soidog are free. Registration by phone is not possible.

If you have spotted any stray dogs around the island, please go to the temple in Bophut and speak to the team. Stray dogs are often difficult to catch, but SOIDOG has a lot of experience in catching "wild" dogs. Please help us to catch them and thus prevent uncontrolled breeding. You only need to let them know where the dogs are, the Soidog "dog catcher team" will take care of it.

Of course, not all dogs are strong enough for neutering. Some have to be "pepped up" beforehand. Many dogs suffer from blood parasites, TVT (transmissible venereal tumor), and other diseases or wounds.

All dogs which cannot be neutered by Soidog immediately will be picked up by us and taken to our animal shelter temporarily until they are strong enough for neutering.
