Dear Animal Lovers on Koh Samui,

January 2012

We're in the first month of the new year and already started the first stage of upgrades and repairs at our shelter in Baan Taling Ngam. Many single boxes have to be welded, roofs and gates repaired and our main project at the moment: A new compound for small dogs. It has become absolutely impossible to share our house with all the abandoned poodles, Shih-Tzu and other small dogs people just dump outside the house.

Since we can't just mix those little ones with our big Thai dogs at the shelter, we came up with the idea of a separate compound for them. Thankfully we have quite a few helpers who are great handymen and know exactly how things are done. A big Thank you also to Günter from Germany who has been giving a strong helping hand with this project and Kuno from Switzerland for his great house-painting job! Last year he made the puppy house look a little more colourful and this year he took care of our main building at the shelter in Baan Taling Ngam.

Thank you very much for all your help. We hope we can count on your continued support so that we can make even more progress in the future. We believe our efforts to make Koh Samui more animal-friendly have made it a happier and safer place for tourists, for which the tourists are grateful. Our four-legged friends are most grateful for your contribution!

Best wishes
Brigitte and the DCRSF-Team
