Dear Animal friends

July 2020

MORE AND MORE DOGS AND CATS AT THE SHELTER

Even without a pandemic, we already have plenty of abandoned animals to take care of. Not seldom they arrive at our gate in their very own 'transport-box'. In most cases the dogs arrive terrified.

With still no tourists allowed entering Thailand and therefore no business and no income for uncountable people on the island many animal friends simply cannot afford to take care of puppies or kittens. Sadly, the number of people who come to us (or any private vet on the island) with their dog or cat for sterilization has drastically decreased and the number of dropped and abandoned animals has catastrophically increased.

Due to the current Covid19 situation many people with animals had to leave Samui and their dogs or cats stayed behind. Also, many people can hardly afford to take care of themselves and their families in this difficult situation.

If you -or anybody you know- are in the position to adopt one of our many puppies, kittens, teenage and uncountable adult dogs, please get in touch with us. Vaccinations and any kind of medical treatment will OF COURSE be totally free.
