Dear Animal Lovers on Koh Samui,

June 2012

Since April 2008, our long term volunteers and Tempel-Team Jay and Linda have been working at the temples around Samui, treating as many dogs and cats on the spot as possible. The working relationship with the monks at most temples has grown stronger over the years, a base of trust has developed and often results in beautiful outcomes. Jay and Linda will be away in Europe for the next 3 weeks and therefore have already provided the temples with enough food and lots of 1st aid medication for the time they're away. In serious cases the monks agreed to get in touch with our manager. Jay and Lindas daily work also includes a lot of street work and many little villages surrounding the temples.

In the next weeks and months, the DRCS will have many short term volunteers visiting who are ready to get their hands a little dirty. We often depend on the help of volunteers and are thankful for their help at the shelter or even in the office.

Special THANK YOU to Sue (Sisters Of Samui & The Tongsai Bay), who has been supporting us tremendously over the last few years. For her return back to England, we wish her all the very best and hope to see her again in Samui!

Thank you very much for all your help. We hope we can count on your continued support so that we can make even more progress in the future. We believe our efforts to make Koh Samui more animal-friendly have made it a happier and safer place for tourists, for which the tourists are grateful. Our four-legged friends are most grateful for your contribution!

Best wishes
 Brigitte and the DCRSF-Team
