Dear Animal friends

June 2020

## PLEASE HELP US WITH A FOOD DONATION TO FEED THE HUNGRY

If you have been following us on Facebook or read any of our newsletters, you probably know that we have set up uncountable new food stations all around the island and that since Corona has changed all our lives, not only our temple team needs a huge amount of dry dog food for the temples, food stations and villages on Samui (they alone need about 1,000kg of dog food/month) but we also support many individual animal lovers who offer their time and strength to help feeding the hungry strays or abandoned dogs on the island. We appreciate every little help and if you cannot help with your time, please help us with a little food donation. Any donation can be dropped at our small shelter in Chaweng or at the main shelter in Baan Taling Ngam. Simply give us a quick call or send us an E-mail and we are happy to come and pick it up.

### WE THANK YOU FOR HELPING US TO HELP!

Needless to say that the corona pandemic has been one of the hardest challenges in the history of Dog Rescue. We are facing huge financial difficulties and with a much bigger number of abandoned dogs and cats and many in desperate need of help. Another big worry for us are the many so called 'flyer-dogs'. They are all ready to fly to a new home and the owners are desperately waiting for them. The necessary tests have been passed but our hands are tight and those dogs have to sit and wait in our shelter instead of starting their new lives with their new owners abroad.

Due to the Corona crisis, no animals are being transported out of Thailand. Let's hope that slowly but surely things will get back to normal.

Thank you very much for all your help. We hope we can count on your continued support so that we can make even more progress in the future. We believe our efforts to make Koh Samui more animal-friendly have made it a happier and safer place for tourists, for which the tourists are grateful. Our four-legged friends are most grateful for your contribution!
