PLEASE GIVE US A HOME

We hope that you are all still going strong and that for you too some sort of normality is starting to return. We at the Dog Rescue are still struggling to get by financially but are grateful for all the support we have received from people on the island and abroad. It didn't come as a surprise that we are now faced with an abnormal number of dumped and abandoned dogs and cats and especially puppies and kittens. If you -or anybody you know- are in the position to adopt one of our many puppies, kittens, teenage and uncountable adult dogs, please get in touch with us. Vaccinations and any kind of medical treatment will OF COURSE be totally free. It's time to stand together and give all those helpless animals a chance to survive and experience love and care instead of unbearable horror.

Please have a look at our latest Fund Raising and kindly pass it on to your animal friends so we can all together make it through this difficult time and make sure the Samui-dogs get the help they need. Thank you for your support through a donation or with an adoption!

Please help us with a food donation or in any other way you can so we can continue helping the countless hungry, sick and injured dogs and cats on our beautiful Samui-Island. Donations are desperately needed, We Thank You!
