Dear Animal Friends On Koh Samui

November 2012

From the 14. – 16. November, two of our helpers went to Phuket for a training workshop about how to catch dogs using nets, organised by the Humane Society International. The head trainer Soham Mukherjee, came all the way from India to teach this approved and effective way of catching uncooperative dogs. The training was a good success and we hope that with this new method, we will be able to help many injured and sick dogs that just wouldn't want to be caught.

Thank you very much for all your help. We hope we can count on your continued support so that we can make even more progress in the future. We believe our efforts to make Koh Samui more animal-friendly have made it a happier and safer place for tourists, for which the tourists are grateful. Our four-legged friends are most grateful for your contribution!

Best wishes
