Koh Samui, Weihnachten 2021

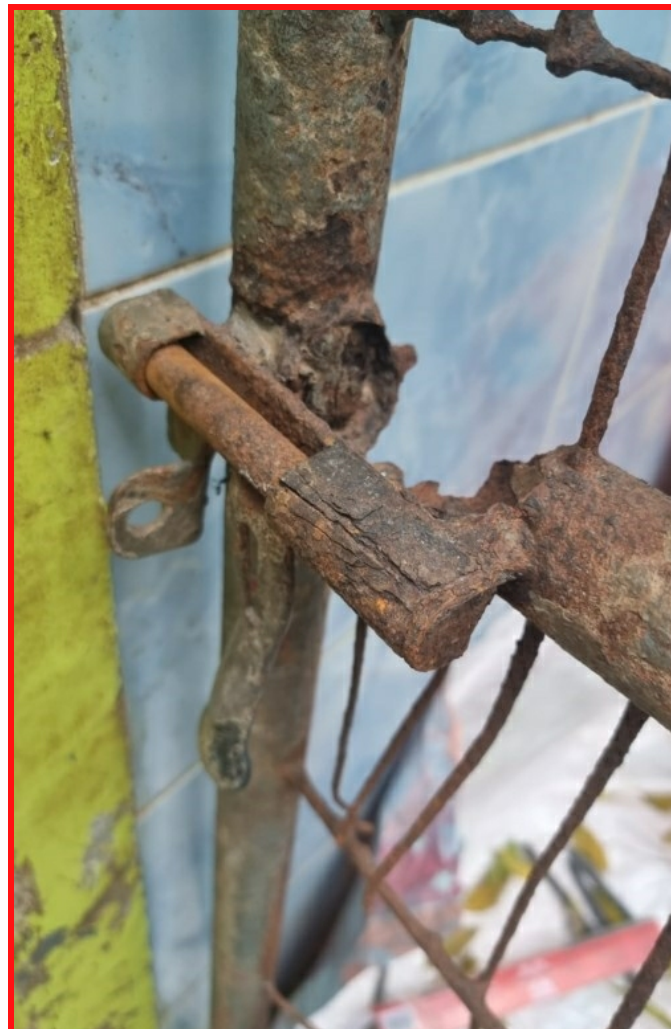

Dear friends and supporters of Dog and Cat Rescue Foundation Samui!

First of all, I would like to thank everyone who, during this difficult time of the pandemic, still almost without tourists, **support us, so that we can help the poor furry friends on Koh Samui !!!**

Thank you very much from the bottom of my heart !!!

We are hardworking and **renovating** the shelter in all areas around it to make it animal- and human-friendly.

The ravages of time are gnawing at all gates, doors, fences, roofs, etc..

We are in the process of **replacing all doors** in order to also exclude the risk of injury to the dogs!

The effort is greater than initially assumed because almost everything has to be renovated.
Of course, I also have all metals painted the same way to protect them against rust!

Dr. Sith put our **new cat quarantine station** into operation last week.

We are all very happy that we can now bring new, unvaccinated cats here for treatment. **An important step for our clinic!**

Since our dogs love the **bamboo loungers** (one costs 1200 Baht = 35, - Euro) and of course the **bamboo huts** (4500 Baht = 120, - Euro), it was clear to us that we had to expand this stock. The huts protect our four-legged friends against rain, but of course also against the burning sun.

So we have the **entrance area to Dr. Sith's clinic can be friendlier & cleaner.**

But we still have a lot to do:

The shelters in the rear enclosures have suffered a lot over the years and must be redeveloped immediately.

For this we will create **a new access** to bring the building material to the appropriate places more quickly. On the other hand, we would like all of our dogs to **become part of the community**, as visitors and employees can also get to the rear enclosure **much more easily** with the new corridor.

**I very much hope for your support,
so that we can realize this project for the benefit of the dogs!**

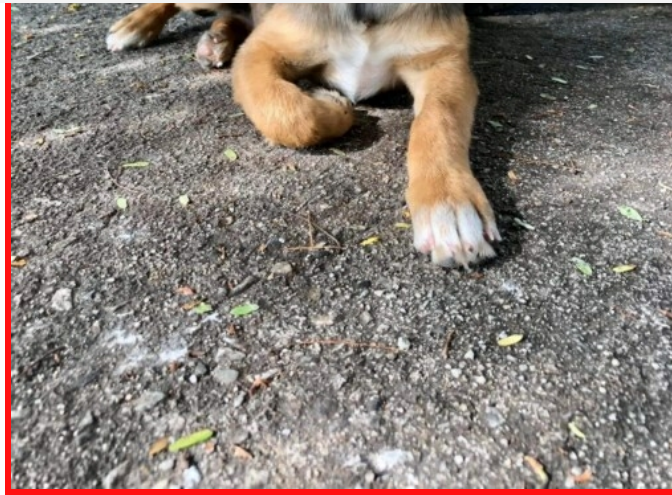

Of course, we not only feed and care for our **400 dogs and 100 cats** at the two locations Chaweng and Ban Taling Ngam every day, but also **hundreds at the Koh Samui temples!**

Many thanks again to the many **volunteers** who are out and about all over the island every day to provide the stray dogs and cats with food and medicine. Since many residents have left the island because of Covid 19, unfortunately **there are more and more poor souls** that we have to take care of!

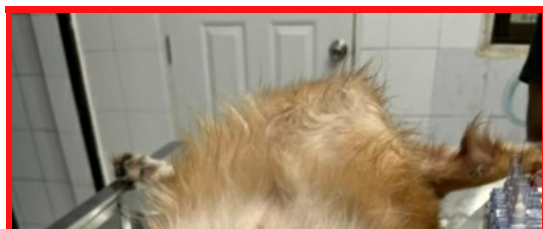

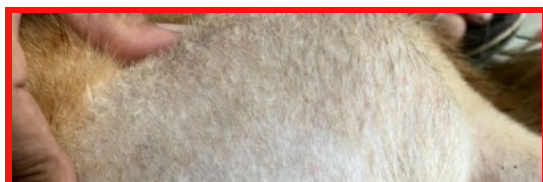

Many thanks also always to the tireless efforts of **Dr. Sith and his team!** An extremely large number of **emergencies** come to our clinic every day and they **save many animal lives every day!**

BEFORE (extreme Tumor)

1 week after the operation

There are worse cases every day, but I would like to save you the photos during the Christmas season!
Our **pure medical costs have amounted to over 200,000 Baht = 5500 euros in the last 4 weeks!**

This is just a **small glimpse** into our daily work for the poor souls on Samui's streets.

For the latest news, please follow me on **Facebook and Instagram** at: **Marcus Samuidog Sauff** and **Dog and Cat Rescue Foundation Samui**.

There I post daily articles about the Dog Rescue Center and the island of Koh Samui.

Please remember, **the poor dogs and kittens almost always have only us** and wait all day for their food ration and a few pats! A 20 kg feed sack costs around 20 euros!

Please continue to help us so that we can give the poor strays a life here.

We are very happy about **sponsorships** for the dear souls in our animal shelter who have not found a place to survive out on the street!

Another special thank you goes to our **foundations in Germany and Switzerland** and to everyone who has set up collective accounts all over the world to support us here on site!

Thank you for your constant commitment to animal welfare!

Thank you to all of you who help and support us!

Merry Christmas and a happy, better year 2022 wish you from the bottom of my heart,

Marcus & team
